HISTORY

Ouachita College came in answer to the prayers of the faithful Baptist leaders in Arkansas, who for many years had been in most thorough sympathy with the efforts of American Baptists to found and maintain colleges where learning and religion might be developed in symmetrical unity. In the year 1886, when Ouachita College was founded, the Baptists in Arkansas were neither rich nor numerous. They believed in Christian education, and they had the courage of their convictions, and with little money or property they established Ouachita College, which has meant much to Arkansas.

After much prayer and after the Baptist State Convention had year after year expressed its purpose to establish a Baptist College in Arkansas and had kept an Education Commission working upon the problem, finally, at the Convention at Hope, November, 1885, the Education Commission submitted a report which contained the following:

"The Commission recommends to the Convention the propriety of electing at this session of the body fifteen wise and prudent brethren as a Board of Trustees, five of whom shall be a quorum, and this board shall have the power of self-perpetuation, and that it shall be a body politic having under its control the absolute management of the school for the Convention. It shall be the duty of this Board of Trustees to report to the Convention at its annual sessions the material progress, financial conditions and workings of the school."

The report was adopted and the following Board elected: J. P. Eagle, A. B. Miller, B. R. Womack, A. J. Kincaid, J. B. Searcy, A. J. Fawcett, J. M. Hart, J. Dunnigan, J. K. Brantley, C. D. Wood, W. E. Atkinson, M. F. Locke, V. B. Izard, W. A. C. Sayle, and A. W. Files.

This Board of Trustees met in Little Rock, December 24, 1885, and considered bids for the location of the college. At the same meeting Arkadelphia was chosen as the location, and Dr. J. W. Conger, an alumnus of Southwestern Baptist University, was chosen as President. The College began its first session September 6, 1886, in the old Blind Institute Building, which had been refitted and equipped for this purpose. In the year 1888 the main building was erected, and the following year the old institute building was transformed into a Young Ladies' Home. This building was burned in May, 1890. The generous people of Arkadelphia immediately raised a subscription to begin the

erection of our present beautiful Young Ladies' Home. It was begun in 1890 and finished in February, 1891. In 1898 the conservatory building was erected. The Mary Forbes Industrial Home was added in the summer of 1906. The President's Home was erected in 1904.

Dr. J. W. Conger, the first President of Ouachita College, served in this capacity for twenty-one years. He gave his heart wholly to the college and much of the present prestige and power of the institution is due to his untiring efforts. In the year 1907 he resigned to accept the Presidency of Southwestern Baptist University, his alma mater. He was immediately succeeded by Dr. H. S. Hartzog, who was formerly President of the University of Arkansas. The faithful labors of Dr. Hartzog left their stamp upon Ouachita College. In February, 1911, Dr. Hartzog resigned, and in March, 1911, Dr. R. G. Bowers, an alumnus of the college, was chosen as President. His labors in this capacity began in June, 1911. After two years of faithful service, he resigned in the spring of 1913 in order to return to the pastorate. Dr. S. Y. Jameson was elected President of Ouachita in June, 1913, and served until January 1, 1916. A notable and praiseworthy achievement of his administration was the liquidation of all the mortgage indebtedness of the institution, amounting to something over \$65,000.00. Professor H. L. McAlister, for several years Professor of Mathematics and Dean of the College, was elected chairman of the Faculty and was chief administrative officer until the close of the school year, June, 1916. Dr. Chas. E. Dicken was elected President of the College, January 20, 1916, and assumed active control of its affairs in June, 1916.

If a college is to be judged by the usefulness of the men and women it sends out into the world, the impartial historian will give Ouachita College a very high and honorable place. The financial struggles have been many and threatening; but we believe that our greatest financial burdens are in the past. More and more Christian men and women are realizing that contributions to Christian education are most effective, both in developing civilization, and in advancing and building up the kingdom of God. In June, 1916, Mrs. Florence Wilson entered into her rest, and it was found that she had bequeathed to Ouachita College several thousand dollars for permanent endowment. She was the widow of the late J. W. Wilson, who was a Ouachita student and afterward a very generous member of the Board of Trustees. He himself left \$10,000.00 to his alma mater. Mrs. Wilson's gift was a little more than \$21,000.00. In October, 1918, Dr. J. C. Wallis entered into his rest, bequeathing to the college \$30,000.00 for endowment, and we are praying that these noble examples may stimulate other contributions to the same great cause.

Erection of \$300,000.00 addition in buildings began in April, 1920.

The new gymnasium, Science Buildings and College Dining Hall were completed in 1920.

LOCATION

Arkadelphia is located among the picturesque hills of Clark County, sixty-six miles southwest of Little Rock, on the Missouri Pacific railroad. It is a beautiful town of about five thousand inhabitants, with all modern conveniences. It has a most complete filtered water system, which insures at all times an abundant supply of pure, clear, soft water.

The dominant interests of Arkadelphia are centered upon its colleges and the general environment is distinctly educational and religious. Allurements to fashionable dissipation are not in keeping with its citizenship or social atmosphere, and high standards of conduct and character are not only expected, but required.

The campus is situated on a high bluff, overlooking the Ouachita River, and is within a few hundred yards of the four churches and the business portion of the town. No college has a more beautiful location nor more healthful surroundings.

BUILDINGS

The building equipment of Ouachita College consists of eleven buildings located in such a manner that each building is a working unit of the whole. The executive offices, library, study hall, class rooms and literary society halls are located in the main, or Administration Building. The departments of Fine Arts and the general auditorium are located in the Conservatory Building. This building is connected with the main boarding hall for young women by a covered corridor. There are two science buildings, a book store and a gymnasium, the uses of which are indicated by their names. The other buildings, with the exception of the President's Home, are used exclusively for the accommodation of boarding students and teachers. The main boarding hall for young women and the Forbes Industrial Home are presided over by the Dean of Women.

The Forbes Industrial Home was added in the year 1906. It was largely due to the generosity of Rev. W. A. Forbes and Mr. J. M. Adams. It was dedicated to the memory of Rev. W. A. Forbes' daughter, Mary. This home is for young women of limited means, who do their own housework and receive board at cost. It has amply justified the hopes of its founders and annually accommodates about fifteen girls. A new dining hall was added in 1920.

EQUIPMENT

LIBRARY

About seven thousand volumes, for which a complete card catalogue has been prepared, are at the disposal of the students.

The leading periodicals, dailies, weeklies, monthlies, both religious and secular, are found upon our tables. The library is a workshop in which students are aided and encouraged to make the best possible use of available material.

STUDENT ORGANIZATIONS

LITERARY SOCIETIES

The Alpha Kappa and Corinnean Societies for the young women and the Philomathean and Hermesian Societies for the young men are thoroughly organized. They meet once a week in their large and elegantly furnished halls and are doing enthusiastic work. These societies are strong factors in developing the literary tastes of their members. Experience in self-government is secured by the constant practice of parliamentary rules. Every student is urged to connect himself with one of the societies.

Secret societies, fraternities, and clubs of all kinds whatsoever, are prohibited.

OUACHITA SIGNAL

The four Literary Societies of the College publish an eight-page weekly known as the Ouachita Signal, incorporated in 1919 with the Ouachita Ripples, founded in 1889. Ample space is given in this weekly paper for the various activities of the College, and the faculty and alumni often use it as a medium for the expression of their views. The subscription price is \$1.50 a year, thirty-six editions. It is hoped that every patron and former student of the College, as well as our friends at large, will avail themselves of the opportunity to keep in close touch with the College by subscribing for and reading this paper.

THE OUACHITONIAN

The Ouachitonian is the name adopted by Ouachita College students for the annual publication. It is a pictorial survey of college life from the viewpoint of the student. The Ouachitonian contains, usually not fewer than 160 pages, and is beautifully bound, with original design on cover.

It was not started as a money-making enterprise. Indeed, the editors and business manager will be very happy if the books are printed without loss. The Ouachitonian is a book of great value to the students who live among the scenes described. In later years it will revive sweet memories of classmates and college life. Each student is urged to bring at the opening \$4.50 to subscribe for a copy of the Ouachitonian.

CHRISTIAN ACTIVITIES

Ouachita College, fostered by the Baptists of Arkansas, stands emphatically for Christian Education. The Bible has an important place in the curriculum and in the class room. Chapel service, a distinctly religious service, is held for thirty minutes every school day, at 9:00 o'clock.

SUNDAY SCHOOL

The churches of the town maintain well organized and thoroughly equipped Sunday Schools and the students get the advantage of these. The young ladies of the Home and a majority of the young men, attend the Sunday School at the First Baptist Church. Several members of the Faculty teach in this Sunday School. The organized class movement, as recommended by our Sunday School Board, is well developed.

ATTENDANCE AT RELIGIOUS SERVICES

Attendance at chapel services is required of all students in the college.

Every student is required to attend divine services at the church of his choice at least once every Sunday. Students are urged to connect themselves, either as pupils or teachers, with a Sunday School class.

THE YOUNG WOMEN'S AUXILIARY

The Young Women's Auxiliary, a student organization among the young ladies, in affiliation with the women's work of the Southern Baptist Convention, is supervised by officers of its own selection and an Advisory Committee from the Faculty. The purpose of the Auxiliary is to aid in deepening the Christian life of the College and to give training for effective leadership in religious work. It keeps the students in close touch with modern and world-wide moral and religious movements. It endeavors to enroll every student in Bible and Mission study classes. In addition to the frequent meetings of its various committees, the Auxiliary meets once a week for religious exercises.

THE MINISTERIAL ASSOCIATION

The Ministerial Association has for its object the promotion of the interests of the ministerial students, all of whom are eligible to membership. At the meetings, held every Thursday evening throughout the year, the programs are such as will prove of lasting benefit to the students. The work done is in keeping with the devotional, intellectual and pastoral duties of the young ministers.

VOLUNTEER BAND

The Volunteer Band is composed of such students as expect to give their lives to missionary work and are preparing for such work. The band meets regularly for the discussion of missionary topics and for the study of missionary literature. The work is exceedingly helpful to all such students. It also helps to keep alive the missionary enthusiasm of the other students.

THE CHORUS

A chorus of selected voices is maintained throughout the year. Standard choruses and operettas are rehearsed. Twice a year the Chorus gives a public entertainment.

THE ORCHESTRA

The College Orchestra has weekly rehearsals. It appears frequently during the year.

THE DRAMATIC CLUB

A club of students from the Department of Expression has regular weekly meetings and from time to time presents plays.

These three organizations, the Chorus, the Orchestra, and the Dramatic Club, afford valuable practice to the students. They are under the direction of the heads of the departments they represent and are free to the students.

MINISTERIAL STUDENTS

The great need of our Christian host today is an efficient ministry. Every young preacher owes it to himself, to the kingdom of God, which needs his service, to the lost, who wait to hear his message, and above all, to God who called him, to be and do the very best that he possibly can. He cannot afford to neglect his educational training.

From the very beginning it was intended that Ouachita College should be a suitable place for the education of young ministers. It is not a theological seminary, but it is ready to help every deserving young preacher to get a college education, and the course in the Bible Department will prove especially helpful. Young preachers who come with the indorsement of their home churches are given free tuition. Our Seminaries give credit for work done in this department.

Prospective ministerial students should correspond with us in advance. If they are prepared to do college work, they are encouraged to enter here. If, however, a young minister is not sufficiently advanced to enter college, he should attend one of our Baptist academies until he is able to meet college entrance requirements.

MINISTERIAL AID

In addition to the free tuition mentioned above, the Board of Ministerial Education gives some help to such ministerial students as stand in need of help. Contributions are made to this fund by churches, societies and individuals, and the Board disburses these funds according to the absolute needs of the students. Quite a number of individuals and organizations are undertaking each the support of one ministerial student at from \$12.50 to \$20.00 per month. Such work is both magnanimous and wise, and it will certainly pay large dividends, both to the donors and to the kingdom of God.

COLLEGE ATHLETICS

Ouachita College stands for clean athletics. The man who has an ideal education has been trained spiritually, intellectually and physically. We believe the ideal man should have a trained mind, a pure soul and a strong, enduring body. A college should

give proper attention to the culture and development of each. The students of Ouachita College organize themselves into an athletic association, and they elect the officers of the association and the managers of the various teams. This association co-operates with the college authorities in the enforcement of the athletic rules. It is required that the conduct on the athletic field shall be kept free from immoral practices and profane language. No student who fails to maintain satisfactory class standing will be allowed to be a member of any athletic team.

The President of the College will keep in his office a record of the class standing of every students who plays on any team. This record shall be kept upon a card known as an eligibility card. The grades will be furnished every two weeks to the President by the respective teachers to whom the student recites. When the standing of such student shall fall below the requirements of the College the President will remove him from the team. No student who does not carry at least twelve hours of college work will be allowed to play on any team. All inter-collegiate games must be approved by the President. The number of games to be played and all trips taken by the athletic teams are subject to the approval of the President. Long trips interfering with college work will not be permitted. No student will be allowed to play on any of the college teams until he shall have filed with the President written permission from his parent, or guardian.

College athletics is a part of college life. It should receive its proper emphasis, and every student should reap its benefits. If for any reason its should appear that it is not best for any student to engage in active participation in this phase of college life, he will not be allowed to do so. Cheerful permission will be given to any student and he will be given proper encouragement should he show himself willing and able to meet the requirements.

GOVERNMENT

It is naturally supposed that every student who comes to Ouachita College does so with the idea of conducting himself in such a manner as not to make serious reproof or humiliation necessary. Every student will be given full opportunity to become familiar with such requirements as are necessary. If it should appear that any student is unwilling to cheerfully obey the requirements of the College authorities, his connection with the College will be severed at once.

GENERAL REGULATIONS

All non-resident students are required to take their meals at the College Dining Hall. No student will be permitted to enter any class or department or discontinue the same without permission of the registrar. No student will be permitted to

contract debts at stores or elsewhere without the written permission of parent or guardian, together with the consent of the College authorities. Attending public amusements will not be permitted except by special permission from the President. No student may be absent from town without consent of the President. Every student is required to be and to remain in his room after the beginning of study hour in the evening. Loitering on the streets or about the stores of the town will not be permitted. Literary societies will not be permitted to give other than the regular literary program without permission from the President. No student will be permitted to be absent from Chapel exercises without the consent of the President. Any breakage or damage to college property must be promptly accounted for at the Executive Offices. It is to be understood that each student accepts and agrees to obey these general regulations upon matriculation.

Any student found not to be in sympathy with the spirit of control and the institutional life of the College will be promptly dismissed.

DRESS

Every young lady should be supplied with rubbers, umbrella and raincoat. Every article in a student's wardrobe should be plainly marked. Simplicity in dress will be strictly enforced. Expensive dressing will not be allowed.

SPECIAL NOTICE TO YOUNG LADIES

Every young lady and every teacher is required to furnish her own towels, soap, combs, brushes, napkins, pillow, one pair of blankets, one pair of sheets, one pair of pillow cases, one spread, and one spoon.

All young ladies boarding in the Home will attend all lectures and entertainments held in the auditorium. Students accompanied by teachers may occasionally attend outside lectures.

No young lady boarder will, under any circumstances, be permitted to spend a night out of school, and parents must not make such requests.

Steam heat, waterworks, bath rooms, closets, electric lights, telephone and telegraphic connections are in the building.

Students will be held responsible for unnecessary damage done to furniture or buildings.

Any student whose moral influence is not good will be dismissed at once.

Indiscriminate correspondence will not be allowed, and parents are requested to limit the number of their daughters' correspondents.

Parents should write cheerful letters to their children. Do not encourage them to visit their homes, as it is a positive disadvantage.

Parents will be notified if sickness occurs. Prompt and kind attention will be given. A nurse is in charge of the infirmary.

No young lady will be permitted to leave for home the last two weeks of the session, unless providentially required to do so, and parents must not make such request.

All letters and packages should be addressed in care of the College.

Boxes of eatables should not be sent. The table is well supplied with wholesome food. We cannot be responsible for the health of students who eat irregularly and without regard to diet.

If students find fault, make complaint, or do not seem to make satisfactory progress, justice to both sides demands that a personal investigation be made.

Much worry could be avoided in cases of dissatisfaction on the part of students and patrons by promptly and kindly reporting same to the President. It is to the interest of the authorities of the College to co-operate with the patrons in securing the best results and this will be done cheerfully wherever possible.

No guests may be entertained at the Young Ladies' Home until permission is obtained from the President.

TO NEW STUDENTS

Young ladies should notify the President upon what train to expect them, so that someone may be at the station to meet them. All young ladies must go immediately to the Young Ladies' Home upon arrival.

Young men upon arrival, must report to the President's office immediately. Assistance will be given cheerfully in securing suitable rooms. Loitering about town or boarding place and delaying to matriculate will not be tolerated.

All new students should bring certificates of character and of work done under former teachers. Bring high school certificates.

Students are requested to wear the College colors in coming to College, to facilitate identification. The colors are old gold and royal purple, and will be sent to all students upon request. Committees of students or teachers will meet all trains at the opening of school.

CHEAP BOARD FOR YOUNG WOMEN

There are many young ladies who desire an education who must economize in order to have means sufficient to go to college. Provision has been made for such young women in the

Forbes Industrial Home. Young ladies, by assisting in doing the housework, can secure board at from \$10.00 to \$15.00 a month. Each young lady in this home does her part of the work in about one hour a day. This is a great blessing to many. The Home accommodates fourteen young ladies. It has gas for cooking and heating, electric lights, sewerage connection and bath room.

Young ladies desiring accommodations in this home should send in applications early with \$10.00 entrance fee, before the rooms are taken. The young ladies of this home are under the supervision of the Dean of Women.

BOARD FOR YOUNG MEN

Young men can secure rooms, with light and heat, in good homes near the College, at from \$4.00 to \$7.50 per month each (two in a room). Table board will be furnished in the College Dining Hall at \$20.00 per calendar month. No deduction will be made on account of meals missed except on account of protracted illness necessitating temporary withdrawal from school. All non-resident students are required to take their meals at the College Dining Hall.

PHYSICAL EDUCATION

A good gymnasium has been provided and all students will be required to take such physical training as seems suited to their needs.

Credit toward a degree will be given for this work, three hours of gymnasium work counting for one hour of credit. No student will be given more than two hours credit in all for physical education.

Young women will be given systematic physical training under supervision of the teacher of expression.

OUACHITA-HENDERSON LECTURE COURSE

For a number of years Ouachita and Henderson-Brown Colleges have been combining their lecture courses, and by this means have been able to get much better talent than either school could get alone. The lectures alternate between Ouachita and Henderson-Brown auditoriums. All the money received from ticket sales is put into securing the very best attractions to be had. Season tickets are sold to students for \$2.50. These tickets usually sell in cities for \$5.00. By this method the students are given a high-class lecture course for a moderate fee. Students are required to take a season ticket to the lecture course.

The course for the coming year has been selected and offers special advantages to the students of both colleges.

EXPENSES

The cost of a college course largely depends upon the habits of a student. Ouachita College is not run as a money-making institution. It has a deficit every year. It gives to its patrons that for which they pay, and a great deal more. From time to time liberal friends donate money to Ouachita College to help meet the dificits.

NOTES AND EXPENSES

Fee for Lecture Course and Library.—A fee of \$2.50 is charged each student for the lecture course and \$2.50 is charged as a library fee. The money received in this way is used in purchasing attractions for the lecture course and in putting into the library useful books and periodicals for the students.

Physician and Nurse Fee.—Each young lady in the Young Ladies' Home and in the Forbes Industrial Home is charged a Physician and Nurse fee of \$5.00. This is used to pay our College Physician and the nurse who is in charge of our infirmary.

Industrial Home Fee.—A fee of \$10.00 is charged each girl whose application for admission to the Forbes Industrial Home is accepted. This fee must be sent in advance in order to reserve room. It is used in keeping up the property and will in no case be refunded.

The Ouachitonian.—The price of the Ouachitonian, the annual publication of the student body, is \$4.50. It is optional with the students whether this is taken, but all are urged to subscribe.

Laboratory Breakage Fee.—A deposit of \$3.00 will be required in all laboratory courses to cover breakage. If the breakage does not amount to \$3.00, the difference will be refunded. A second deposit may be required.

The Ouachita Signal.—The weekly newspaper is sent out for \$1.50 per session. All students, parents and friends of the College should avail themselves of the opportunity of reading this paper, thereby keeping in touch with the progress of the students and the College.

Physical Culture Fee.—A fee of \$10.00 is charged each student to cover entrance to all athletic games (except the Thanksgiving game) and to pay for additional instruction and for the use of the gymnasium in physical culture.

WITHDRAWALS AND PAYMENTS

If there is any misunderstanding or dissatisfaction with respect to accounts, or any other matter, write us a courteous letter, and prompt attention will be given.

All bills are due on the first day of each term, and must be paid at that time or made satisfactory with the President. After reasonable time is allowed for payment and bill is not settled, student will be required to withdraw from the college.

All charges are made by the term and not by the month. If a student withdraws on account of sickness by advice of our physician, charges will be made to time of withdrawal. If the withdrawal is for any cause not approved by the President, charges at full rate will be made to the end of the term.

The annual session is divided into three terms. Payment for board and tuition is required in advance at the beginning of each term. The fall term being the longest, and the fees being due also, parents will find that the fall term bill will necessarily be larger than the bill for winter or spring term. No reduction for loss of time will be made, except on account of protracted illness, and then for no length of time less than one month. No reduction will be made for absence for the last four weeks of the session.

Students in extra branches who do not take as much as fifteen hours per week of literary work, will be charged in proportion to the number of hours per week taken.

Any student carrying two or more fine arts studies, for which he pays regular rates, is entitled to one literary study without extra charge.

If examinations are taken at other times than during the regular examination periods, \$1.00 extra per subject will be charged each student.

Parents are urged to limit the spending money of students.

MATRICULATION OF STUDENTS

Each student on entering, unless he has done so before that time, will be required to present to the Registrar, a certificate showing subjects studied, textbooks used, and grades made on work completed elsewhere. Blanks for this purpose will be furnished upon application, and must be signed by the proper authority of school last attended.

Each student, on reaching Arkadelphia, must immediately report for classification.

No student will be allowed to take more than eighteen hours of work, unless the taking of a small excess of eighteen hours will complete his requirements for graduation.

No student will be allowed to carry less than twelve hours of work.

No student will be enrolled in any subject until he presents to the instructor a matriculation card calling for instruction in that subject.

No student will be allowed to change his course of study, except by permission of the Registrar and the instructor concerned.

No credit toward a degree will be given for an uncompleted course, unless the part completed is a teaching unit within itself.

ATTENDANCE

Each student is required to attend the daily chapel services, and also every exercise of the several classes to which he is assigned. At the close of each term a report of the grades made is sent to the parent or guardian of each student.

When a student has obtained permission to make a change in his studies he must enroll at the first exercise after his admission to the new course.

No student will be admitted to an examination in any subject from which he has been absent one-third of the term.

EXAMINATIONS

All classes are examined at the end of each term. No student will be admitted to a special examination until he presents the instructor with a receipt showing that he has paid a fee of \$1.00 for that examination.

The grade for the term is obtained by adding to the grade made on final examination twice the average daily grade and dividing the sum by three.

The standing of each student is indicated upon a percentage basis, 100 per cent being perfect and 70 per cent being required to pass any subject.

ENTRANCE REQUIREMENTS

A candidate for entrance must offer fifteen units of high school work. Three of these units must be in English, one in algebra, one in science and one in history. Any work done in an approved high school will be accepted for entrance, but not in greater quantity than is recommended by the department of education of the state in which such high school is situated, and the right is reserved to discount proposed credits or to refuse to allow credit at all for any course of study taken in a high school if the educational value of such course appears not to justify the credit sought. Not more than four units will be allowed on commercial and vocational subjects altogether.

Students from high schools accredited by their respective state authorities will be given credit without examination upon presenting certificates signed by proper officials of such schools showing the work done. Prospective students should write us for blanks for the certification of their high school work. These blanks should be filled out, signed by the proper official of the high school and mailed to the Registrar before the opening of the fall term.

A student may be conditioned on any two units except the three required in English. All conditions must be removed by the end of the sophomore year. Conditions may be removed

•

by private study, by attending a summer school, or by taking courses in the regular session of the college. No course taken to remove a condition can be counted as part of the work credited toward a degree. Two and one-half to three and one-half hours of college work will be required to remove one entrance condition.

SPECIAL STUDENTS

A candidate may be admitted as a special student without fulfilling the entrance requirements above specified, provided he is of mature age and gives adequate evidence of serious purpose and of sufficient training and ability to pursue with profit the courses for which he registers. No special student may be a candidate for a degree; but such students are permitted and encouraged to make up their deficiencies by private study, summer work, or by taking courses in the regular sessions of the college. They will then be admitted as regular students and may be accepted as applicants for a degree, provided all entrance requirements are met at least one academic year before the date of graduation.

ADMISSION TO FINE ARTS COURSES

Students, to become candidates for graduation in any of these courses, are required to submit fifteen units, but they may be conditioned or admitted as special students in the manner above specified. No students other than those taking regular courses in the liberal arts will be admitted to the courses in fine arts, excepting students living in Arkadelphia, or vicinity, and coming to the college only for their lessons, and also excepting students of mature years who are already, at the time they apply for admission, very advanced on their specialties.

ADMISSION BY EXAMINATION

Students who do not come from accredited secondary schools may be admitted upon examination.

ADMISSION TO ADVANCED STANDING

Students coming to Ouachita from standard senior colleges will be given full credit for the work done in such institutions provided the work conforms to the requirements of the courses (or some course) outlined in our catalogue, and provided that in no case will more than forty-eight hours of credit be given.

Graduates of Central College, Conway, Arkansas, and of other standard Junior colleges will be admitted here as Juniors.

No college credit will be given for any work done in a secondary school except by an examination given by the professor who has charge of the department in which credit is sought.

CLASSIFICATION OF STUDENTS

A student shall be classified as a Freshman, if the number of session hours required for his graduation, including his conditions for entrance and excluding the year's work in actual progress, is not greater than 52.

He shall be classified as a Sophomore if the number of hours required for graduation under same conditions as above is not greater than 36.

To be classified as a Junior, the student shall have removed every entrance condition and the requirements for his graduation shall not exceed 18 hours exclusive of the year's work in actual progress.

If a student has met all the requirements for entrance and there remain no requirements for his graduation besides the year's work in actual progress, he shall be classified as a Senior.

Students not pursuing courses leading to a degree shall be classified as specials.

DEGREE

Ouachita offers the A. B. degree for the completion, with not less than 64 quality credits, of any one of the courses outlined below. Each of these courses requires 15 standard high school units for entrance and the completion of 64 session hours of college work.

It is the purpose of the College to take a student as the completion of a standard high school course leaves him and to give him four years of training in a standard college course, properly articulated with his high school work. To do this requires of the college a variety of courses, some of them embracing elementary subjects. Only a very small amount of work of such elementary character can be taken in any course outlined and this is given in order that the work of our best high schools may be properly accredited and that the student may without a break in his work proceed with his college studies. Freshmen, with the advice of the Registrar, may select and begin a foreign language, but, unless for some special reason, they are not allowed to take electives. A student during the last term of his freshman year will be required to select, with the consent and advice of the Registrar, one of the nine courses outlined below, and must thereafter pursue the course selected, unless for good reason shown he should be permitted to change to a different course. The courses outlined, although not chosen until near the end of the freshman year, nevertheless include the work of that year. Freshmen and sophomores are not allowed to take courses numbered above 30.

CREDITS IN SPECIAL COURSES

Young men in the R. O. T. C. receive for the completion of the courses in Military Science, a total of 6 hours credit toward

a degree, 1 hour in the freshman, 1 hour in the sophomore, and 2 hours each in the junior and senior years.

Young women may receive credit toward a degree for physical education, three hours of gymnasium work counting for one hour of credit. Not more than a total of two hours credit will be given for physical education.

The following described courses in music taken in connection with the practical work required will be credited toward a degree in the number of hours indicated.

Theory of Music and Sight Singing 11.....	2 hours
Harmony 21	2 hours
Harmony 31	2 hours
History of Music 32.....	2 hours
Pedagogy of Public School Music 33.....	2 hours
Harmony 42	2 hours
Counterpoint 41	2 hours
Ensemble and Normal Class in Music	
Methods 43	2 hours

For the completion of the course in Expression, there is given toward a degree, 3 hours credit.

No student can receive in excess of ten credit hours for work in the departments of Military Science, Music, Expression and Physical Education altogether. For the reason that some of these subjects are not required and that none of them are required of all students, they are placed with electives in the courses outlined.

CREDITS IN FOREIGN LANGUAGES

No credit will be given for less than 5 hours of college work in a foreign language, unless one or more units in this language have been offered for entrance. In such case credit will be allowed for as little as three hours of college work.

QUALITY CREDITS

Three quality credits will be given for each credit hour of a subject if the grades made in such subject average 90 or above; two quality credits will be given for each credit hour for grades averaging from 85 to 90; and one quality credit for each hour for grades averaging from 75 to 85.

A student graduating with 180, or more, quality credits will receive the distinction of "summa cum laude," one graduating with 160 quality credits and less than 180 will receive the distinction of "magna cum laude," and one graduating with 140 quality credits and less than 160 will receive the distinction of "cum laude."

No degree will be given a candidate who has less than 64 quality credits.

COURSES OF STUDY

Courses numbered from 11 to 20 are intended for freshmen and courses numbered from 21 to 30 for sophomores. It is not practicable to adhere strictly to the rule as to freshmen and sophomores, but courses numbered above 30 are open only to juniors and seniors and to this we strictly adhere.

BIBLE

DOCTOR CROXTON
DOCTOR DICKEN
DOCTOR WINBURN

The study of the Bible is a part of the regular work of Ouachita College. The department is open to all students, and one year of Bible study (either 21 or 22) is required of all literary graduates. However, the preacher who will never go to a theological seminary and the preacher who will go to such schools are both kept in mind in the arrangement of these courses.

The text of the American Revision of the Bible is used as the basis for class work and discussion, in connection with handbooks, maps and Library. The work of the text-book is supplemented by informal lectures, designed to put the student into possession of a first-hand working knowledge of the Bible, to create an interest in Biblical and religious study, and to leave a definite impression as to the unique character of the Bible as a history of God's revelation of Himself to man.

12. THE CHURCH AND THE YOUNG PEOPLE.

The aim of this course is to train the students for practical co-operation and efficient leadership in the work of the church. The approach to the course is based on the organic-social evolution of the church as a factor in developing Christian character and life. The course of study is that indicated by the Sunday School Board of the Southern Baptist Convention.

(a) Sunday School method and administration. Fall term. Two hours.

(b) Organization and administration of young people's union. Winter term. Two hours.

(c) How Baptists work together. Spring term. Two hours.

13. PASTORS' ELEMENTARY COURSE.

The purpose in this course is to teach students for the ministry the elements of the three things generally recognized as essentials to success in pastoral leadership and efficiency, viz.: Bible Study, Business and Financial Management of Church Work, and How to Preach. The course is in three sections, one hour a week, and covers a period of three years, with a credit of one hour for each year.

(1) Bible Study Course.—It is intended here for the student to get not only the teaching contained in certain sections of the Bible but especially the method and habit of Bible study.

(2) Business and Financial Management.—In this course are set out the doctrines of stewardship, the financial laws of God's Kingdom and the practical management of church business.

(3) Preaching.—This is not a course in homiletics but relates rather to the history, purpose and methods of preaching.

This course is open to ministerial students only.

21. THE OLD TESTAMENT.

Three hours a week for one year. The aim of this class is to get a clear and consecutive view of Old Testament history. The story of the Hebrew people and of their institutions as told by themselves is followed from Abraham to Nehemiah. The work is divided into three sections:

(a) The history of the Hebrews to the Disruption of the Kingdom; the origin of the Hebrews, their relation to other nations and countries so far as they have any bearing upon the development and history of the Hebrews.

(b) The history of the Hebrews from the Disruption of the Kingdom to the Restoration; their relation to other nations of the period; the rise and development of prophecy; the particular settings and conditions with which the prophets had to deal.

(c) The history of the Restoration and the subsequent times; the Hebrew Wisdom Literature as seen in Job, Proverbs and Ecclesiastes; the rise and development of the Messianic ideal running through all the books and uniting them together as a unique whole.

22. THE NEW TESTAMENT.

Two hours a week for one year. The work of this class is divided into three sections:

(a) A brief survey of the Persian, Greek, Jewish and Roman ages; the world into which Jesus came; a view at first hand

of the person and teachings of Jesus as they appear in the Four Gospels.

(b) The beginning of Christianity as a life and as a system of teaching as presented in the Book of Acts and the Epistles.

(c) The development of early Christian institutions and customs; the exegesis of one or more of Paul's Epistles, or the study of some great fundamental subject in its bearing on the social and ethical problems of today.

23. CHRISTIAN HISTORY.

This course will take up the stream of Christian life and growth at the close of the New Testament period, trace its development through the succeeding centuries, and present the main facts as to the persons and movements that have given our present-day Christendom. Fall, winter and spring terms. Two hours.

41. HOMILETICS.

Fall, winter and spring terms. Three hours.

42. SYSTEMATIC THEOLOGY.

Fall, winter and spring terms. Three hours.

ENGLISH

DOCTOR JOHNSON
MRS. BLAKE
MISS WATTERS

11. ENGLISH LITERATURE AND COMPOSITION.

This course includes the study of English literature, both from the viewpoint of interpretation and production. Attention is directed to the rhetorical forms of discourse in classic poetry and prose. Grammatical forms are stressed in connection with an intensive study of current issues of the Atlantic Monthly. A knowledge of the history of English literature is of such value that a careful review of pivotal points in it is considered essential in the formation of a thorough basis for either intensive or extensive literary effort. This review is illustrated by a systematic use of Readings in English Literature. Frequent themes are required and appropriate novels are reviewed at intervals designated by the instructor. Fall, winter and spring terms, 3 hours.

21. THE NATURE AND DEVELOPMENT OF THE ENGLISH LANGUAGE.

A survey of the Language from its sources in foreign and native languages. A careful and detailed study of grammatical forms will be made from the viewpoint of mechanics as well as theory. Fall, winter, and spring terms. Three hours.

31. SHAKESPEARE AND THE DRAMA.

Its history and development with modern and current theories and examples. Text: Shakespeare's Principal Plays, Arden Series, with lectures and assignments from the later English drama, and representative national types of the contemporary drama. Fall, winter and spring terms. Two hours.

32. THE NOVEL.

(a) The English Novel. (1) The Eighteenth Century Novelists. (2) The Nineteenth Century Novelists. Fall and winter term. Two hours.

(b) The American Novelists. Throughout this course careful attention will be given to the development of the novel and to the style of individual novelists, and to various social, political, and religious movements reflected in their works. Liberal reference to the leading histories of English and American fiction. Spring term. Two hours.

41. ENGLISH POETRY AND PROSE.

From Chaucer to Tennyson.

(a) Romanticism and Classicism in Literature. Fall term. Two hours.

(b) The poets of the Victorian Era. Winter and spring terms. Two hours.

In this study of the later English poets careful attention will be given to the influence and style of each author, and to the political, religious and social tendencies of the period as expressed in his poetry.

42. ARGUMENTATION AND DEBATE.

This course is open only to a limited number of approved juniors and seniors. It consists of lectures, text-study, collateral work, brief-drawing, and debates. It is designed to give the student greater power in deductive and inductive reasoning, and to make him alert in the oral formation of his constructive and destructive judgment on the leading questions of the day. He is required to make a careful theoretical study of the nature of argumentation, analysis, evidence, refutation.

Frequent debates will be held under the close criticism of the class and instructor, and every possible opportunity will be offered for the development of the thinking and forensic abilities of the class members, with practice in rebuttal and team-work. Fall, winter and spring terms. Two hours.

43. THE LATER POETS.

(a) Tennyson. Texts: The Cambridge One Volume Complete Tennyson. Fall term. Three hours.

(b) Browning. Text: The One Volume Complete Browning, Cambridge edition. Winter term. Three hours.

(c) American Poetry. Texts: Page's Chief American Poets and Mims and Payne's Southern Prose and Poetry. Spring term. Three hours.

44. JOURNALISM.

Newspaper publication with special emphasis laid on reporting, news writing and editorial writing will form the basis for this course. This course is required of all members of the newspaper staff and the Annual staff. Fall, winter and spring terms. Two hours.

EXPRESSION

MISS FRANKIE CONDRAY, Director

The Department of Expression has for its object the culture of the individual—culture spiritually, mentally, and physically—a well-trained, magnetic voice; a graceful, easy presence; courteous manners; sincerity of truth. It is self-evident that a strong personality, a cultured noble womanhood, is infinitely superior to any tricks of voice or gesture. When one loves the truth and lives it, and can present it effectively to others, he has learned the best possible preparation for the work of life, as well as for the work of expression. We cultivate those qualities of mind and heart which lie beyond all expression, and which spontaneously create their requisite forms.

No ironbound prescribed course will be adhered to in this work. If any selections named in the curriculum prove not adapted to the individual needs of the student, they will be abandoned and others substituted.

FRESHMAN.

Evolution of Expression, Laws of evolution as applied to the development of the orator. Study of selections from great orators, essayists, dramatists and poets, illustrative of principles set forth.

Voice Technique. Breath control, tone projection, development of resonance, articulation.

Evolution of Expression (continued); Voice Technique, with special attention to individual faults in use of voice.

Pantomime. Freedom of physical agents of expression.

Interpretative reading of Shakespeare's plays. (Private instruction on selected readings, optional.)

SOPHOMORE.

Principles of expression as applied to literature in "The Sixteen Perfective Laws of Art."

Expressive Voice Culture. The voice as an interpreter of mental states.

Interpretation of Macbeth and presentation of scenes for criticism.

Private instruction on selected readings.
Theory of Physical Culture.

JUNIOR.

Prose Forms. Expressive study of description and narration. Interpretation of oration, exposition, and essay.

Poetic Interpretation. Interpretative study of epic, lyric and dramatic poetry. Gesture.

Dramatic Art. Study of Farce, Comedy, Melodrama and Tragedy. Stage deportment. Presentation of one-act plays.

Classics for Vocal Expression. The interpretation of lyric poetry and simple narratives.

Voice Technique. Breath control, touch and openness.

Pantomimic training: The freeing of the torso, the co-ordination of mind and body in simple pantomimic problems.

Foundations of vocal expression and lessons in vocal expression; Interpretation of dramatic narrative.

Work in voice program for purity, resonance and color.

Exercises for the freeing of the agents of pantomime; Problems for acquiring a pantomimic vocabulary junior.

Imagination and Dramatic Instinct; The arranging and interpretation of stories for platform work; scenes from Shakespeare. Extemporaneous speaking. Mind and voice. Pantomimic expression of emotion.

SENIOR.

Interpretation of some of the great English poems; the Browning monologue; modern drama; oratory.

All students in the department will, at the discretion of the teacher, be required to take part in plays and recitals. A public recital must be given during the Senior year.

CLASS EXPRESSION

The need of this work is very great. There are few students who can read intelligently. The pupil is taught to extract thought from the printed page. It helps to overcome self-consciousness in the pupil.

Plays are presented during the year and afford special opportunities for the pupils in this department.

GREEK LANGUAGE AND LITERATURE

DOCTOR CROXTON

The aim of this department is to confer a thorough knowledge of inflection and syntax and to give the student an appreciative acquaintance with the best Greek authors. In the advanced courses there will be collateral work on Greek life and literature, and an effort will be made to lead the student into a keen appreciation of Hellenic culture.

11. Elementary Greek. For the fall and winter terms the Beginning Book will be taken up and completed. Much attention will be given to inflections. For the spring term, the Beginning Book will be reviewed and one book of the Anabasis will be completed. College credit will be given for this course, provided it is not offered to satisfy entrance requirements. Fall, winter and spring terms. 5 hours.

21. (a) Xenophon's Anabasis. Three books of the Anabasis will be read—Pearson's Greek Prose Composition. Goodwin's Greek Grammar. Much attention will be given to Syntax. Fall term, three hours.

(b) Homer's Iliad. Three books of the Iliad will be read and the dactylic hexameter will be studied. Winter term, 3 hours.

(c) Plato. Plato's Apology and the Crito, selections from the Phaedo, informal lectures on the relations of Plato to Socrates, the position of Socrates as a moral teacher, his methods of investigation, etc. Spring term, 3 hours.

31. (a) Lysias. Five orations will be read. Attention will be given to the procedure of the Athenian courts. Fall term, 2 hours.

(b) Demosthenes. The Oration on the Crown will be read. Winter term, 2 hours.

(c) Greek Drama. The Antigone of Sophocles. Aeschylus, The Seven Against Thebes. Spring term, 2 hours.

41. New Testament Greek. Critical reading of the text. Students will provide themselves with Westcott and Hort's New Testament. Prerequisite Greek 11 and 21. Fall, winter and spring terms, 2 hours.

HISTORY AND ECONOMICS

PROFESSOR ARNETT

Recent events have made a study of History of more interest than ever before. At the same time an imperative demand has been created that cannot well be ignored by the cultured man. The courses of this department have been organized with the end in view, not only of meeting this cultural need, but also those of any one who may care to make History and its allied subjects a major study.

The nature of the courses presupposes at least one unit of high school history.

11. MEDIAEVAL AND MODERN HISTORY.

31. Latin Prose Composition. This is an advanced course, primarily for those who intend to teach Latin. Fall, winter and spring terms. 2 hours.

MATHEMATICS

PROFESSOR JENNINGS

11. Plane Geometry. For students who do not offer plane geometry for entrance. Fall and winter terms. 5 hours.

12. Algebra. This course is designed for students who offer only one unit of algebra for entrance. It will follow the work outlined in a good second year text, through quadratic equations. Fall term. 5 hours.

13. Algebra. A continuation of course 12. Open to students who have completed course 12, or who offer 1 1-2 units of algebra for entrance. Winter term. 5 hours.

14. Solid Geometry. Spring term. 5 hours.

15. Trigonometry. Spring term. 5 hours.

31. College Algebra. This course is designed for students who desire to pursue the study of mathematics beyond two years of algebra, geometry and trigonometry. Fall, winter and spring terms. 2 hours.

32. Analytic Geometry. Fall, winter and spring terms. 3 hours.

41. Calculus. A first course in the Differential and Integral Calculus. Fall, winter and spring terms. 3 hours.

MILITARY SCIENCE

CAPTAIN IRWIN L. LUMMIS, Infantry, U. S. Army

FIRST SERGEANT JOHN MAURER, Infantry U. S. Army

The purpose of the Military Department is to give military science courses of such a nature that the student, upon completing four years in the Department, will be qualified to serve as a Second Lieutenant of Infantry, in case the United States should become engaged in war. With this view, the work is divided into two main divisions, the Practical and Theoretical, some of both of which are taught both on the field and in the classroom. At the end of two years in the Department, student should be qualified as a non-commissioned officer with troops, and he should be qualified as an officer after four years work.

Military 11. Close and extended drill; Manual of Arms; School of Soldier through Company Drill; Physical Drill and Calisthenics; Marksmanship, involving use of Service Rifle on Range, and an understanding of the correct use of the Service Rifle; Scouting and Patrolling; Infantry Pack; Guard Duty; Signalling by Semaphore and Wigwag; Military Courtesy; Military Ceremonies. For Freshmen. Four hours each week throughout year. One hour college credit. First Sergeant John Maurer, U. S. Infantry.

Military 21. Military 11 prerequisite. Command and Leadership, developing ability of each member to lead and command a small unit; Topography, involving the ability to construct a contoured map of a section or of a road, and in addition the

ability to satisfactorily read and interpret a Military Map. Infantry Weapons, including Bayonet, Hand and Rifle Grenades, and the Browning Automatic Rifle, with firing of the Automatic Rifle; Musketry, dealing with the correct employment of fire-arms, and a study of their trajectories; Hygiene and Camp Sanitation. For Sophomores. Four hours a week. One hour college credit. First Sergeant John Maurer, U. S. Infantry.

Military 31. Military 11 and 21 are prerequisites, and in addition students must be recommended by P. M. & T. and the College President. Subjects: Field Engineering, involving Trench Construction, Impediments, Road Building, Demolitions, and Bridge Building; Infantry Weapons, with use of Browning Machine Gun, One-pounder or 37-mm Gun, and the Trench Mortar; Military Law; Military Courtmartial Procedure; Command and Leadership, using students of class as acting Junior Officers in Drill work. For Juniors. Two hours of college credit. Capt. I. L. Lummis, U. S. Infantry.

Military 41. Prerequisite Military 11, 21 and 31. Military Policy and History of United States; Tactics, involving use of bodies of troops under varied conditions of terrain and situations; Pistol Firing; Company Administration, use of Military forms, and interior administration of troops in field; Command and Leadership, members of class acting as Company Commanders and Senior Officers of work of underclassmen on field; Customs of Service. General duties of officers on duty with troops. For Seniors. Two hours of college credit. Capt. I. L. Lummis, U. S. Infantry.

MODERN LANGUAGES AND LITERATURE

MISS ABBOTT

The courses offered in these departments are intended to give the student a thorough knowledge of the elements of the modern foreign languages, as a foundation for further study in language and literature, and also for practical use in everyday life. Accuracy in pronunciation, acquisition of vocabulary, and application, in both oral and written work, of rules learned in the grammar, are insisted upon in the elementary classes. Ability to translate into idiomatic English, as well as to read rapidly and grasp the meaning without translation, the ability to express one's self in the foreign language, and in so far as it is possible a knowledge and appreciation of foreign life and literature, are required from the advanced classes.

11. Beginning Course in French. Stress is laid on pronunciation and vocabulary, with a view of taking up at once the reading of easy French. Texts: Fraser and Squair, French Grammar; Guerber, Contes et Legendes; further readings from such books as Mairat, *Le Tache du Petit Pierre*; Malot, *Sans Famille*; Labiche and Martin, *Le Voyage de M. Perrichon*. Fall winter and spring terms. 3 hours.

21. Intermediate French. (Prerequisite, French 11, or two years of high school French.) Reading and Composition. Texts will be selected from such books as the following: Musset, *Trois Comedies*; Guerber, *Marie Louise*; Halevy, *L'Abbe Constantine*; Sand, *La Mare au Diable*; Augier, *Le Gendre de M. Porier*; Pailleron, *Le Monde ou l'on s'ennuie*; La Brete, *Mon Oncle et Mon Cure*; Rostand, *La Princesse Lointaine*, and *Les Romanesques*; Dumas, *Les Trois Mousquetaires*. Fall, winter and spring terms. 3 hours.

31. Advanced French. Characteristic French prose and poetry are studied as a basis for more advanced language study, and as an introduction to purely literary courses. Books such as the following are read: Daudet, *Lettres re Mon Moulin*; Balzac, *Eugenie Grandet* and *Ursule Mirouet*; Anatole France, *Le Crime de Sylvestre Bonnard*; Moliere, *Le Misanthrope*, and *L'Avare*; Corneille, *Le Cid*, and *Polyeucte*; Racine, *Andromaque* and *Phedre*; Hugo, *Hermani*, and *Ruy Blas*; Rostand, *Cyrano de Bergerac*. Fall, winter and spring terms. 2 hours.

41. French Literature. A general outline of the various readings of selected work from each period, and reports. (This course will not be given for fewer than six students.) Fall, winter and spring terms. 2 hours.

SPANISH

11. Elementary Spanish. Stress is laid on pronunciation, vocabulary and principles of grammar with a view of taking up at once the reading of easy Spanish. Text: Hill and Ford. Fall, winter and spring terms. 3 hours.

21. Intermediate Spanish. (Prerequisite, Spanish 11.) Reading, composition and conversation. Fall, winter and spring terms. 2 hours.

31. Advanced Spanish. Selected reading from Spanish authors. Fall, winter and spring terms. 2 hours.

GERMAN.

11. Elementary German. Texts: Spanhoofd, *Lehrbuch der Deutschen Sprache*; Muller and Wenckabach, *Gluff Aug*; Storm, *Immensee*; Hillern, *hoher als die Kirche*. Fall, winter and spring terms. 3 hours.

21. Intermediate German. Course in German reading, syntax, and composition. Reading chosen from the following texts: Baumbach, *Waldnovellen*, and *Der Schweigersohn*; Grestacker, *Germelhausen*; Hauff, *Das kalte Herz*; Storm, *Geschichten aus der Tonne*; Hayse, *Neils mit der offenen Hand*. Fall, winter and spring terms. 2 hours.

31. Advanced German. Rapid reading course. Primarily a course in extensive reading of more difficult German prose. Intensive composition work. Texts will be chosen from the following: Schiller, *Wilhelm Tell*; Lessing, *Minna von Barnhelm*; C. von Klenze, *Deutsche Dedichte*; Goethe, *Hermann und Dora*; thea; Meyer, *Der Heilige*; Zschokke, *Der Zerbrochene Krug*;

Sudermann; *Der Katzensteg*; Freytag, *Die Journalisten*. Fall, winter and spring terms. 2 hours.

41. Outline course in German Literature. The aim of this course is to acquaint the student with the most important works and movements of German literary style. (This course will not be given for fewer than six students.) Fall, winter and spring terms. 2 hours.

MUSIC

L. H. MITCHELL, Director

Each of the courses leading to graduation in this department has been arranged with a view, not only of teaching students to play and to sing, but at the same time to develop them mentally and to give them a store of information with reference to fundamental principles. It is our purpose to provide such courses in the music department as will give the graduates from it a cultural development approximately equal to that of the graduates in liberal arts courses. To this end every candidate for graduation is required to take the literary subjects specified in the outline heretofore given setting forth the requirements for graduation in music, and also to take the theoretical subjects outlined below.

THEORETICAL SUBJECTS IN MUSIC.

11. Theory and Ear Training. Exercises for recognition of intervals; Sight-Singing and Dictation in Major Keys; Rhythm and meter; music forms, including the classical suites, the sonata, concerto, symphony. Two hours per week through the year.

21. Harmony. Scales, major and minor; intervals, triads, and their inversions; figured basses; harmonization of melodies; exercises in chord analysis; melody writing; seventh chords; keyboard work; playing cadences through the circle of keys; suspensions. Two hours per week through the year.

31. Harmony (advanced). Prerequisites courses 11 and 21. Harmonization of melodies; figured basses; dominant ninths; modulation; chromatic passing tones; altered chords; suspensions; retardations; the *appoggiatura*; Anticipation; melody writing; analysis. Two hours per week through the year. Text: Chadwick.

32. History of Music.

First Term—General history, development and influence of music among ancient people; early Christian music; polyphonic music.

Second Term—The various schools of polyphonic music; the rise of dramatic and instrumental music; and the development of the various musical instruments.

Third Term—The development of opera and oratorio. The Romanticists. Modern music and musicians.

Text: Pratt's History of Music. Two hours per week through the year.

33. Pedagogy of Public School Music. This course is given to better qualify our students to teach music in the public schools. It is elective, but we recommend that all who expect to teach music take it. Two hours per week through the year.

41. Counterpoint. Single counterpoint in all forms, two and three voices. Two hours per week, fall term. Single counterpoint in four voices, and double counterpoint. Two hours per week, winter and spring terms.

43. Ensemble Playing and Normal Methods in Piano. Exercises in sight playing; study of standard symphonies and overtures and arrangements for two pianos, eight hands; normal methods, preparing students to stand state examination as given by Arkansas State Teachers' Association. Two hours per week through the year.

Students will not receive credit toward a degree for the theoretical subjects above described except as such subjects are taken in connection with appropriate practical courses in piano, organ, violin, or voice, as outlined below.

No student in music or expression shall appear upon any public program during the year without the approval of his teacher. Four years are required for a student of average ability to merit a diploma. No diploma will be given in music to a student who does not show sufficient knowledge and musicianship.

PIANOFORTE

PROFESSOR MITCHELL
MISS WRIGHT

NATURAL SCIENCES

PROFESSOR DAVIS
PROFESSOR MUNN

Our natural science courses are embraced in two departments: Biology and Geology; Chemistry and Physics.

The purpose of the work of these departments is to develop the scientific spirit, to emphasize accuracy in observation and in reasoning and in the formation of valid conclusions.

The proper amount of time is given to class work to allow the student to acquire sufficient facts to establish a basis for investigation and to gain power for classification of the knowledge subsequently gained in the laboratory.

BIOLOGY AND GEOLOGY

PROFESSOR MUNN

11. PHYSIOLOGY, HYGIENE AND SANITATION.

This course is required of all freshmen. It is given in recognition of the need for more general information in these subjects. Fall, winter and spring terms. Two hours.

21. GENERAL BIOLOGY.

This course is designed for students who desire to obtain a comprehensive view of the lower forms of animal and plant life. The course deals with the fundamentals underlying the great principles governing modern biology. Special attention is given to life processes and relations.

Lectures two hours and laboratory four hours per week throughout the entire year. Texts: College Zoology, Hegner; Invertebrates, Pratt. Credit 4 hours.

31. BIOLOGY ADVANCED.

This course consists of two parts. Part I, first half year. Comparative anatomy of the vertebrates. Lectures two hours, laboratory four hours.

Part II, second half year. A course in general botany. Lectures two hours, laboratory four hours. Four hours credit.

22. GEOLOGY.

A course in General Geology consisting of lectures, recitations, laboratory work and field excursions. Fall, winter and spring terms. Three hours.

CHEMISTRY AND PHYSICS

PROFESSOR DAVIS

11. GENERAL INORGANIC CHEMISTRY.

This course consists of lectures, written exercises, and laboratory practice, incorporating the elements of chemistry, occurrence, preparation and properties of elements and their compounds. Especial emphasis will be placed upon laboratory technique. Four hours credit.

13. ELEMENTARY PHYSICS.

Not open to those who offer Physics for entrance. Three hours credit.

21. QUALITATIVE ANALYSIS.

This course embraces fundamental principles and processes in analysis, emphasis being placed upon (1) reactions of elementary and compound radicals with typical reagents; (2) separation of metals; (3) separation of acid radicals; (4) systematic analysis of salts and minerals. Text: Stieglitz I and II. Three hours credit.

22. ORGANIC CHEMISTRY.

This course is to give a broader insight into the carbon compounds and to fit a person to enter a medical school. This course will consist of lectures, recitations and laboratory work sufficient to meet the requirements of standard medical schools. 4 hours credit.

31. QUANTITATIVE ANALYSIS.

Gravimetric and volumetric analysis, followed by analysis of minerals, ores, alloys and other commercial products. Three hours credit.

33. BLOW-PIPE ANALYSIS.

This course is a study of minerals and rocks by means of the ordinary blow-pipe reactions.

32. GENERAL PHYSICS.

This course is designed for general information and for the benefit of students specializing in Science. Subjects considered in this course: Mechanics, Heat, Sound, Light and Electricity.

Lectures three hours a week, laboratory four hours a week. Four hours credit.

PHILOSOPHY AND EDUCATION

PROFESSOR CONDRAY

31. PSYCHOLOGY.

(a) Introduction to Psychology.

(b) Educational Psychology.

Fall and winter terms. Three hours.

32. LOGIC.

An elementary course in the methods of thinking. Spring term. Three hours.

33. ETHICS.

An introductory study of the moral consciousness and of some moral problems. Spring term. Two hours.

41. METHODS OF TEACHING IN HIGH SCHOOLS.

This course deals with the general methods of high school teaching and class management, and is designed especially for prospective high school teachers. Fall term. Three hours.

42. HIGH SCHOOL ADMINISTRATION.

An introductory study of the problems of high school administration: School Revenues; Attendance; the Course of Study; the Daily Program of Recitations; Student Organizations; Discipline; Class Management; Tests; Reports, etc. Winter term. Three hours.

43. HISTORY OF EDUCATION.

A brief survey of the history of modern education. Spring term. Three hours.

**44. PRINCIPLES OF TEACHING AND METHODS IN
ELEMENTARY SCHOOLS.**

A study of the process of learning and of the methods of teaching elementary school subjects. Fall and winter terms. Two hours.

**45. ELEMENTARY SCHOOL SUPERVISION AND ADMIN-
ISTRATION.**

An introductory course for prospective superintendents, with special reference to the problems of rural and village schools. Fall, winter and spring terms. Two hours.

RESERVE OFFICERS TRAINING CORPS

CAPTAIN IRWIN L. LUMMIS, Infantry, U. S. Army

FIRST SERGEANT JOHN MAURER, U. S. Army

The Reserve Officers' Training Corps is an application of Military Training to students in college, given along with regular Academic Courses and at such times as not to interfere with other College work. The experiences of the World War proved that in times of National Emergency, the leaders of troops could best be selected from College trained men. With this in view, the Government has granted the requests of about three hundred colleges scattered throughout the country that Military Departments, under the direction of the War Department, be placed in higher Institutions, which agree to certain conditions.

The college, upon being granted a Unit of the R. O. T. C., promises to make Military Training one Department of its curriculum, to place the Army personnel detailed by the War Department, as members of its Faculty, and to be responsible for all government property used by the students of the institution. It must also agree to have at least one hundred physically fit male citizens enrolled in the Unit and to co-operate with the Army personnel to make the Military Department a success. The Government agrees to detail Army officers and non-commissioned officers in sufficient numbers to conduct the training of the Unit, and to furnish equipment of all kinds necessary for the members of the Unit, and to co-operate with the institution through its officers on detail duty at the institution.

Ouachita College has had Military Training for over twenty years, and in 1919, it was granted an Infantry Unit of the R. O. T. C. To direct this work, one officer and one first sergeant of the Regular Army are detailed at the College. Equipment furnished include rifles, machine guns, automatic rifles, with all auxiliary equipment and ammunition necessary for their use, and a complete uniform for each member of the Unit.

The work at Ouachita College is divided into two courses, the Advanced and Basic, each of which is divided into the practical and theoretical work. The practical work is done entirely on the Field, in the nature of drills and manuevers, while the Theoretical work is done almost entirely in the classroom, and consists of the study of Tactics, and Military methods. For the Theoretical work, the college grants credit towards a degree, from the list of General Electives, one hour a year in classroom receiving one hour credit. Six hours credit may be gained in the Military Department during four years at college.

The Basic Course consists of the first two years work of the Unit, three hours a week, drill, and one hour a week in classroom. During the first two years, the student is taught the duties and actually performs them, of a private and non-commissioned officer in the Army. To be eligible for the Advanced Course, the student must have completed the Basic Course, and be recommended by the Professor of Military Science and Tactics, and the College President. He must also agree in writing to attend one summer Training Camp of six weeks, at a place designated by the War Department. For being in the Advanced Course, a student is paid a Commutation of Rations, which varies with price of foodstuffs, for the year 1920-21 being fifty-three cents a day, for the entire two years. Two hours a week classroom work is required in the Advanced Course.

Attendance at the Summer Camp is compulsory for members of the Advanced Course and optional for members of the Basic Course. These camps are centrally located, and to them, members of the R. O. T. C. in various colleges of the vicinity are sent. For the Summer, 1920, the Ouachita Students were sent to Camp Jackson, near Columbia, South Carolina, while for 1921, the camp was at Fort Snelling, near St. Paul, Minnesota. Trans-

portation to and from camps is paid by the government; clothes, food and quarters are furnished, and in addition, members of the Advanced Course are paid one dollar a day while in Camp. The time spent at these camps is devoted mainly to field work, the students being given similar work to that given to candidates for commissions at the Officers' Training Camps during the World War. The associations made, travel experience gained, and training received by the students, make these camps of a very important value to each student, and is greatly desired that all students of the Basic Course, as well as those required to attend, attend them. The Physical development of students at past summer camps has been remarkable.

During the school year, considerable time is spent on development of Athletic tendencies of the student. Endeavor is made to have each student enter in some branch of Athletics, rather than have a picked few men be the only ones in Athletics. With this in view, contests are held between the companies and platoons in Baseball, Basketball and Track events. General calisthenics are also given to each member of a Unit.

The Unit at Ouachita takes a two-day hike and maneuver during the Spring, at which time each man carries field pack, including blanket, shelter tent and rations. Individual cooking is done by the students, and experiences of soldiers in the field are had by each man.

The Unit at Ouachita College is one of the best for its size in the country. Its percentage of men in the Advanced Course, and attendance at Summer camps is very high. Considering that the ultimate object of the R. O. T. C. is to train college students to become Reserve Officers upon graduation, who will be called to active duty in command of troops in times of National emergency, Ouachita College Unit, accomplishes its purpose. Each year several seniors receive Commissions in the Reserve Corps as Second Lieutenants of Infantry.

These commissions are given to graduates of the Advanced Course who successfully complete the work prescribed by the War Department, at the time of their graduation from the College. The commission is for a period of five years, during which time, the Reserve Officer is subject to call for not more than two weeks each year for additional field training. During this training period he draws the pay and allowances of his rank, and is paid usual travel allowance for transportation. Except at his own request, or during National emergency, when citizen troops are used by War Department, Reserve Officers may not be on active duty longer than this two weeks period. He may however, hold a commission in the National Guard.

TO TEACHERS

There are many burdens not immediately connected with the classroom which fall upon each teacher. These are common burdens and must be equally shared by all. Absolute loyalty to the College regulations, and to the administrative officers is an essential part of every teacher's contract, and no teacher will be retained who does not manifest the letter and spirit of this requirement.

The general conduct and esprit de corps of the institution are essentially influenced by the disposition and character of the teachers, and perfect unanimity in this respect is required. At the Young Ladies' Home there are certain duties of chaperonage and discipline which must be equally shared by the resident teachers. There are no exceptions in this respect.

Daily attendance at Chapel and monthly attendance at Faculty meeting is required.
